CONFIDENTIAL COMMUNICATION

Hello LCT members,

As we recently discussed, EPA is negotiating the terms of a Portland Harbor Pre-Remedial Design Baseline Sampling ASAOC and SOW with a group of PRPs who call themselves the Pre-RD Group. We anticipate further drafting changes to the ASAOC as the negotiations are on-going but, in light of the upcoming TCT meeting this week, wanted to send you the current draft. For your reference, the July 6th ASAOC draft is attached as well so that you can hopefully compare and see what language has changed. As with the July 6th draft, we consider the current draft confidential per the terms of the MOU.

Thank you and please feel free to contact me or Lori Cora at cora.lori@epa.gov if you have any questions or wish to discuss further. If you have any comments on the current draft, please send to me or Lori as soon as possible.

Best,
Stephanie
